Personal information

Date of birth	November 7th 1973
Nationality	Surinamese
Marital status	Separated (3 children)
State Decoration	Commander in the Honorary Order of the Palm of the Republic of Suriname (November 7th 2013)

Education

Period	1992 – 1999
Institute	Delft University of Technology
Degree	MSc. (<i>ir.</i>) in aerospace engineering
Graduation date	July 1999

ICT training

Course	MQSeries Integrator v.2	
	Institute	IBM Educational Services
	Diploma	yes
	completed	2002
Course	MQSeries	
	Institute	IBM Educational Services
	Diploma	yes
	completed	2002
Course	Advanced Unix programming	
	Institute	AT Computing
	Diploma	yes
	completed	2001
Course	TCP/IP deel 2	
	Institute	AT Computing
	Diploma	yes
	completed	2001
Course	TCP/IP deel 1	
	Institute	AT Computing
	Diploma	yes
	completed	2001
Course	Unix deel 2	
	Institute	AT Computing
	Diploma	yes
	completed	2001

Course	Java	Institute Diploma completed	AT Computing yes 2000
Course	Object Oriented Analysis	Institute Diploma completed	CMG Academy yes 2000
Course	C++	Institute Diploma completed	AT Computing yes 2000
Course	Object Oriented Basics	Institute Diploma completed	CMG Academy yes 2000
Course	C	Institute Diploma completed	AT Computing yes 2000
Training	Communicative Skills part 2	Institute Diploma completed	CMG Academy yes 2001
Training	Intake part 1	Institute Diploma completed	CMG Academy yes 2001
Training	Communicative Skills part 1	Institute Diploma completed	CMG Academy yes 2001

Working experience

Period	mei 2015 – Present	
	Employer	The National Assembly of the Republic of Suriname
	Job description	Member of Parliament
	Primary tasks	<ul style="list-style-type: none"> - Develop legislation - Representative of the people - Representative of the Country

Period	Jan 2003 – mar 2003	<p>Employer Job description</p>	<p>E plus (via LogicaCMG) Consultancy, software engineering</p>

	Primary tasks	<ul style="list-style-type: none"> - Implementing a HTTP module for the Contest Engine for Testframe - OO design, implementation and release of a HTTP module for MMS according to RFC2616 HTTP specification - Coordinate enterprise bulk multimedia message transfer test - Achieve the commercial targets - Secure structural partnerships
	Tools and methods	Testframe Microsoft Visual C++
Period	mar 2002 – jan 2003	
	Employer	Vialis (via LogicaCMG)
	Job description	Consultancy, software engineering
	Primary tasks	<ul style="list-style-type: none"> - Analysis of the requirements - Design, implementation and testing of software for mission critical traffic management systems - Achieve the commercial targets
	Tools and methods	Testframe Microsoft Visual C++ XML Spy Oracle XDK Codewizard UML
Period	mar 2002 – mar 2002	
	Employer	Betafin (via LogicaCMG)
	Job description	software engineering
	Primary tasks	<ul style="list-style-type: none"> - Analysis of the requirements - Design, implementation and testing of software to read magnet strips in addition to embedded chips from banking cards. - Achieve the commercial targets
	Tools and methods	Borland C++ Builder
Period	jan 2002 – mar 2002	
	Employer	CMG Wireless Data Solutions
	Job description	software engineering, system testing
	Primary tasks	<ul style="list-style-type: none"> - Analysis of the requirements - Creating test scripts for operational and acceptance test clusters - Design, Implementation and testing of a SMPP module use in SMS messaging for Testframe - Achieve the commercial targets
	Tools and methods	Microsoft Visual C++ Testframe
Period	aug 2001 – dec 2001	
	Employer	CMG Software LAB
	Job description	Research and development
	Primary tasks	<ul style="list-style-type: none"> - Analysis of the possibilities of Microsoft's .NET framework. - Analysis of the possibilities of COM/DCOM, COM+ and C# - Analysis of the possibilities of Java
	Tools and methods	Microsoft Visual C++ Microsoft Studio .NET beta1 Borland JBuilder
Period	apr 2001 – jul 2001	
	Employer	Irdeto (via LogicaCMG)
	Job description	Software engineer, consultancy
	Primary tasks	<ul style="list-style-type: none"> - Analysis of the requirements of the customer - Design, planning and implementation of a DCOM framework for encryption of CANAL+ tv broadcasting (remote muxing) - Integration of the existing system with MSMQ - Achieve the commercial targets
	Tools and methods	Microsoft Visual C++ COM/DCOM MSMQ
Period	jan 2001 – mrt 2001	
	Employer	Irdeto (via LogicaCMG)
	Job description	Software engineer, DCOM consultancy
	Primary tasks	<ul style="list-style-type: none"> - Analysis of the requirements of the customer - Software port of a unix based system to a windows based system - Replacement of CORBA objects with DCOM objects

	Tools and methods	- Achieve the commercial targets Microsoft Visual C++ COM/DCOM
Period	nov 2000 – dec 2000	
	Employer	CMG Trade Transport & Technology
	Job description	Research and Development
	Primary tasks	- Implementation of the WAMBO (wireless Automotive Back Office) system which uses SMS messages for data transfer - Implementation of an SMS messaging module using ATL COM - Achieve the commercial targets
	Tools and methods	Microsoft Visual C++ COM/DCOM
Period	apr 2000 – aug 2000	
	Employer	Telfort (via LogicaCMG)
	Job description	WAP consultancy, system configuration
	Primary tasks	- Configuration of the WSB (Wireless Service Broker) for WAP services - Troubleshooting and testing of the WAP system - Achieve the commercial targets
	Tools and methods	WAP Unix scripting HTML WML
Period	sept 1998 – jul 1999	
	Employer	TNO Construction
	Job description	Graduation student researcher
	Primary tasks	Optimisation of an anchorage system for unidirectional carbon fiber reinforced rods using Finite Element Analysis calculations for the Dintelhaven Bridge in Rotterdam. The research was completed successfully for TNO and Rijkswaterstaat.
	Tools and methods	DIANA finite element analysis
Period	may 1997 – jul 1997	
	Employer	MUPIO composites CV
	Job description	Trainee
	Primary tasks	Rubber forming of Thermoplastic fiber reinforced polymers

Skills

Languages	Dutch	fluent in speech, writing and presentation
	Surinamese	fluent in speech, writing and presentation
	English	fluent in speech, writing and presentation
	Chinese (Cantonese)	fluent in speech and presentation
	Chinese (Haka)	fluent in speech and presentation
	Chinese (Mandarijns)	basic knowledge
	Spanish	basic knowledge
Programming languages	C	very experienced
	C++, C#	very experienced
	Java	very experienced
	eSQL	very experienced
	HTML	very experienced
	XML	very experienced
	WML	very experienced
Software knowledge	Windows 95, 98	thorough understanding
	Windows 2000, XP, Windows Vista, Windows 7	thorough understanding
	Linux	thorough understanding
	Microsoft Word	thorough understanding
	Microsoft Excel	thorough understanding
	Microsoft Powerpoint	thorough understanding
	Microsoft Visual C++	thorough understanding
	Borland JBuilder	thorough understanding
	Borland C++ Builder	thorough understanding
	Websphere MQSI	thorough understanding
	Testframe, contest engine	thorough understanding
